EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee. The change below is to correct to further correct the informality associated with the term "type" associated with the term "phenol" or "bisphenols" since the term "type" render the scope of protection sought of "phenol" or "bisphenols" unclear. See "type", *Ex parte Copenhaver*, 108 USPQ 118.

The application has been amended as follows:

Claim 14, line 3, after "phenol", delete "-type", and after "bisphenols" delete "-type";

Claim 14, line 3, after "phenol", delete "-type", and after "bisphenols" delete "-type".

REASON FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance: The Declaration under 37 CFR 1.132 submitted on May 12, 2006 shows that the inventive compound provide a photothermographic material with a significant increase in sensitivity in comparing to the compound known in the applied prior art of record, i.e., more than 15 % increase. Therefore, this increase would have been found significant to one of ordinary skill in the art, and therefore, the results obviates any rejection under 35 USC 1039a) set forth in the office action of record.

The translation of the foreign priority document submitted on May 12, 2006 obviates the rejection under 35 USC 102(e) over Ohezi et al (US 2004/0033454A1). The rejection under the obviousness double patenting over the copending application serial no. 10/285,644 is withdrawn

in view of the applicants' argument. The invention claimed in 10/285,644 is not directed to the compound having pyrazolidone group.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
